Magellan of Virginia wishes Bill Phipps continued success as he transitions to a new role within Magellan. Bill has served as Vice President and General Manager since December 2013. Magellan is grateful for Bill's leadership and the expertise he brought to this role.

Magellan is also pleased to announce Allison Jackson, PhD, LCSW, CSOTP has been named General Manager, Magellan of Virginia. Effective March 1, 2017, she will assume responsibility for all facets of Magellan's operations as the Behavioral Health Services Administrator and will serve as the account executive to the Commonwealth. To ensure an effective transition, Bill will work with Allison throughout the next couple of months.

Prior to this new role, Dr. Jackson served as Director, System of Care for Magellan of Virginia. She was responsible for leading the strategy and planning efforts in system transformation. She worked to help Virginia's behavioral health systems evolve and expand using a resiliency informed, strengths based, regionally focused and multi-year approach.

Prior to joining Magellan, Dr. Jackson worked independently as the CEO of Integration Solutions - providing trauma informed care consultation, education and technical assistance to human service systems. She is passionate about her work and helping to ensure all consumers have access to high quality evidence informed therapeutic services.

Thank you and congratulations to both Allison Jackson and Bill Phipps!
