

Provider Notice

Effective July 1, 2017, Magellan of Virginia will require Residential Treatment Center (RTC) claims submitting revenue code 1001 or 0961 to submit the referring provider's National Provider Identifier (NPI) on all facility 837I (UB04) claims. This meets the ordering, referring or other professionals (ORP) requirements under the Code of Federal Regulation 455.410(b). The referring provider requirement applies to RTC facility claims billed for ASAM levels 3.3, 3.5 or 3.7 as defined for the ARTS program since April 1, 2017 (revenue code 1002 billed with procedure codes H0010 TG, H0010 HB, H0010 HA, H2036 HB, or H2036 HA).

In addition, the referring NPI submitted on all RTC and freestanding psychiatric services claims, including professional and facility claims, cannot be the same as the rendering NPI.

Omission of required ORP fields or submission of the same referring and rendering NPIs will result in the claim being rejected.

The referring NPI is submitted in box 78 on the UB04 paper claim form or in the referring provider loop 2310F on the 837I. Both must include a "DN" qualifier and the first and last name of the referring provider.

- RTC services (revenue code 1001 or 0961) should be billed with the physician or the Licensed Mental Health Practitioner (LMHP) from the Independent Assessment, Certification, and Coordination Team (IACCT) as the referring provider.
- RTC services under the ARTS program (revenue code 1002 billed with procedure codes H0010 TG, H0010 HB, H0010 HA, H2036 HB, or H2036 HA), should be billed with the appropriate physician that referred the member for treatment.
- All referring providers billed must be actively enrolled with Medicaid.

A claims training with specific guidance for the billing requirements is posted on the Magellan of Virginia website on the [2017 Provider Training](#) page.

If you have any questions regarding the information in this notice, please contact our Customer Service Department at 1-800-424-4046 or submit your question using the [Contact Us](#) feature on www.magellanofvirginia.com.
